PREMIUM CHOCOLATE

We set out with a sense of enriching the fruits grown by ourselves in the fields owned by our family conducting business in the food production sector for more than a quarter-century, and one day we ended up covering the fruits with chocolate.

We removed the sugar from the chocolate in order to render the product richer and healthier. We dehydrate the fruits harvested from the branch through natural methods, cover them with chocolate made with our special formula, and offer them to you with pleasure.

Forget all the chocolates you have ever eaten, it's Mely time now.
